Sample PDF 3 — Academic Calendar & Examination Rules

Practice document for the Generative AI RAG project

Academic Year

The academic year is divided into two regular semesters: Semester I and Semester II.

Semester I

Classes begin: 15 July.

Mid-semester assessment: 10–14 September.

Classes end: 20 November.

End-semester examinations: 25 November–10 December.

Results: published by 5 January.

Semester II

Classes begin: 5 January.

Mid-semester assessment: 10–14 March.

Classes end: 20 April.

End-semester examinations: 25 April–10 May.

Results: published by 25 May.

Examination Eligibility

Students must satisfy the minimum attendance requirement and complete required academic components before appearing for the regular end-semester examination.

Students who do not meet eligibility requirements must contact the academic office for the applicable procedure.

Grading

A+: 90–100

A: 80–89

B+: 70–79

B: 60–69

C: 50–59

F: below 50

Re-Examination

A student who is eligible for a supplementary or re-examination must apply within the published application period.

Re-examination dates are announced separately by the examination office.

General Rule

The academic office may issue updates or corrections to the calendar. Students should use the latest officially published notice when dates change.
